

***MAGGEY Deluxe's WinTime Time Clock combined with fingerprint recognition = Better Security for your center.***

***Fingerprint Verification***

***by MAGGEY Software***

***Call Us Today - 1-800-462-4439***

***Anyone can forge a name  
They can't forge your fingerprint!***

***SECURITY is the #1 concern for child care centers nationwide...***

***Fingerprint Verification is:***

- ✿ ***Lightning Fast*** - The verification process is part of the WinTime Time Clock and takes just a couple of seconds.
- ✿ ***Registration is EASY.*** - With our Easy Registration Wizard collect the samples needed to register each client, spouse, and sponsor.
- ✿ ***Better than manual Sign In/Out sheets*** - No more papers to shuffle around or lose. No more signatures to decipher. MAGGEY's Reporting will give you a complete list of In/Out Times and who entered them.
- ✿ ***A great way to STOP Buddy Clocking*** - By using their fingerprint for verification you know that staff are actually Clocking In/Out and not having co-workers do it for them.
- ✿ ***Affordable*** - Adding fingerprint verification to your existing WinTime program is inexpensive and easy to do. Our Verification package includes a special version of WinTime and a DigitalPersona.™ fingerprint reader. Add more readers if you have more than one Clock In/Out station.
